DETAILED ACTION

Acknowledged Receipt

Receipt is acknowledged of the changes to the specification, claims, and the remarks related to the previous rejection, all of which were filed on 08/03/2006. The above have been considered and entered.

Allowable Subject Matter

Claims 1-3, and 5-9 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, the prosecution history, especially at the previous Remarks by Applicant (08/03/2006, pp. 7-9) indicates the reasons for allowance. Specifically, the prior art fails to teach or suggest a method of making a spark plug metallic shell comprising cutting a metal pipe that is used as a starting material to a predetermined length and extruding the metal pipe to form the final spark plug metallic shell with the recited inner and outer dimensions, wherein an outer diameter of the starting metal pipe is larger than the tip end side tubular portion of the final spark plug metallic shell and equal to or smaller than that of the intermediate tubular portion of the final spark plug metallic shell, in combination with the remaining limitations of the claims.

The remaining claims are allowable due to their dependency.

Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the
